LETTER OF RECOMMENDATION

Through this letter of recommendation, I would like to articulate my commendation for Ms. ~~XXXXXXXXXX~~, an undergraduate in Computer Science from Nagarjuna College of Engineering and Technology, An autonomous institution under VTU, Belagum. I mentored her for final year project titled "Determining and Generating caption to an Image using YOLO v3".

Throughout her tenure at our Institution, she demonstrated a high level of academic expertise accompanied by persistent hard work. She is indeed a proactive student with an insatiable thirst for knowledge. As her Head of the Department I observed her ability to correlate things quite easily, with clarity and to express her views about the subject without any qualms. During the presentation related to project, her singularity in approach was reflected in the questions she would raise, which in turn would lead to many stimulating discussions among other students.

She has been more than an ideal student. She has always been dedicated to her project work and shown her determination which makes her stand out of her peers. She shows laudable interest in the study of basics and thinks beyond the topics. Her strong communication skills must find a mention here. She not only has the capability to work efficiently and attain her goals, but she also extends a helping hand to her peers. I must also make a note of ~~XXXXXXXXXX~~ sense of discipline, honesty and cheerfulness. She has the proper balance of self-reliance and emotional maturity needed to be successful in a competitive university like yours.

I believe that she has set the highest standards for herself and will not rest until she accomplishes all that she has set for herself. Cognizant of her enthusiastic quest for knowledge and intellectual capabilities, I highly recommend her for the Master's program at your renowned university. By furnishing her admission and scholarship, you will not only give her an opening for career headway but will also help her conquer her goals in life. I hope and pray that she will out excel everyone in her field.

I will be glad to provide any further details on the above.
