DEPARTMENT OF MECHANICAL ENGINEERING

Ref. No.: NMIT/ME/28

Date : 26/DEC/2018

LETTER OF RECOMMENDATION

It gives me great pleasure to recommend my student MR. [REDACTED] for the graduate program in your renowned university. I have been acquainted with him throughout his undergraduate course and have taught him Design of Machine Elements 1. I've had sufficient time to intimately monitor and mentor his progress.

He is an excellent student who has always found the right balance between his studies and co-curricular activities. He has shown great interest in his subjects while always being keen on developing the practical aspects of those subjects. He puts his effort into solving complicated real time problems and to understand a subject in depth. He completes his assignments in a systematic and timely manner. He has actively participated in various technical competitions and shared his innovative ideas.

I have actively overseen his participation in the development of an All-Terrain Vehicle. He has displayed good managerial skills by organizing events in "ANAADYANTA" (National Level Techno Cultural Fest). He was also a member of the college dance team that has participated in and won numerous competitions.

I am confident that he will excel in all his pursuits and surely be an asset to your university. Hence, I strongly recommend MR. [REDACTED] for the graduate program in your esteemed university.

Dr. SUDHEER REDDY

Professor and Head of Department,
Department of Mechanical Engineering,
Nitte Meenakshi Institute of Technology.
